Q2. How does Evelyn Glennie 'listen' to sound? Explain.

Evelyn Glennie sound ko kaise 'sunti' hai? Samjhaiye.

ANSWER (English)

Evelyn Glennie cannot hear through her ears, but she 'listens' to sound through her whole body.

When she was losing her hearing, her percussion teacher asked her to place her hands against a wall while he played a drum. She felt the vibrations and learned that low and high sounds are felt in different parts of the body - lower sounds in the legs and feet, higher sounds in the face, chest and hands.

She plays barefoot so that she can feel vibrations from the floor. She says we should open the whole body to hear music, not just the ears. This unique skill helped her become a great percussionist.

JAWAB (Hinglish)

Evelyn kaano se nahi sun sakti par wo poore sharir se sound 'sunti' hai.

Jab uski sunne ki shakti jaa rahi thi, teacher ne drum bajaya aur use wall par haath rakhne ko kaha. Usne vibrations mehsoos kiye aur samjha ki alag sounds sharir ke alag hisson me mehsoos hote hain - gehri awaz pair aur tango me, oonchi awaz chehre, chest aur haathon me.

Wo nange pair bajati hai taki floor ke vibrations mehsoos kar sake. Wo kehti hai ki sunne ke liye poora sharir kholna chahiye, sirf kaan nahi. Is anokhi kala ne use mahaan percussionist banaya.

Q3. What is the central idea of Part I - 'Evelyn Glennie Listens to Sound'?

Part I ka mool bhav kya hai?

The central idea is that determination, hard work and a positive attitude can overcome any disability. Evelyn lost her hearing at a young age, but she did not give up. With the help of her teacher she learned to sense music through vibrations and became a famous percussionist. She even took her music to prisons and hospitals to spread love and peace. The lesson tells us that a disability is not a barrier if we have courage and willpower.

JAWAB (Hinglish)

Mool bhav ye hai ki drid sankalp, mehnat aur sakaratmak soch se har viklangta par vijay paayi ja sakti hai.

Evelyn ne chhoti umar me sunne ki shakti kho di par himmat nahi haari. Teacher ki madad se usne vibrations se music mehsoos karna seekha aur mashhoor percussionist bani. Usne jailon aur aspatalon me bhi pyaar aur shanti phailayi. Seekh: himmat aur iccha-shakti ho to viklangta rukawat nahi banti.

Q4. Describe the history of the shehnai.

Shehnai ka itihas bataiye.

ANSWER (English)

The shehnai has an interesting history. Long ago the pungi was a popular instrument, but its sound was harsh and shrill. The Mughal emperor Aurangzeb banned it from the royal chambers.

A barber from a family of professional musicians, who had access to the royal palace, decided to improve it. He chose a pipe with a natural hollow stem, longer and broader than the pungi, and made seven holes on it. By opening and closing the holes, he produced soft and melodious sounds.

The new instrument was played in the Shah's chamber by the nai (barber) and came to be called the 'shehnai'. Gradually it became a symbol of auspicious occasions like weddings and temple rituals.

JAWAB (Hinglish)

Shehnai ka itihas dilchasp hai. Pehle pungi lokpriya thi par uski awaz tez aur kathor thi. Mughal samrat Aurangzeb ne use shahi mahal me bajane se roka.

Shahi mahal me pahunch rakhne wale peshewar sangeetkaron ke parivar ke ek nai ne use sudharne ka faisla kiya. Usne prakritik khokhle stem wala lamba-chauda pipe chuna aur usme saat holes banaye. Holes band-khol kar madhur awaz nikli.

Naya vaadya shah ke mahal me nai ne bajaya aur 'shehnai' kehlaya. Dheere-dheere ye shaadi aur mandir jaise shubh avasron ka pratik ban gaya.

Q7. 'Music has no boundaries.' How is this reflected in 'The Sound of Music'?

'Music ki koi seema nahi.' Is lesson me ye kaise dikhta hai?

ANSWER (English)

Both parts of the lesson show that music crosses all barriers.

Evelyn Glennie is deaf, yet she feels music through her body and plays for audiences across the world. She also performs in prisons and hospitals to carry love and peace to those who suffer.

Bismillah Khan's shehnai, born from a banned instrument, reached from temples to the Red Fort and to foreign stages. His music united people on important national occasions.

Thus music transcends disability, class, nation and language.

JAWAB (Hinglish)

Lesson ke dono part dikhate hain ki music har rukawat paar karta hai.

Evelyn deaf hai par sharir se music mehsoos karke duniya bhar me bajati hai. Wo jailon aur aspatalon me bhi pyaar aur shanti pahunchati hai.

Bismillah Khan ki shehnai, jo ek banned vaadya se bani, mandir se Red Fort aur videshi manchon tak pahunchi. Unke music ne rashtriya avasron par logon ko jode rakha.
