A TRULY BEAUTIFUL MIND

The Life and Ideas of Albert Einstein

CLASS 9 ENGLISH | BEEHIVE | PROSE 4

Solved Question Bank (English + Hinglish)

Previous Year Questions | MCQs | Short | Long Answers
Extract Based | HOTS | Writing Skills
Vocabulary | Grammar | True-False | Quick Revision

For CBSE / UP Board style exam preparation

Part 0: Important Note / Zaroori Baat

Kaise use karein? Har sawal English me hai aur uske neeche Hinglish me bhi. Jawab bhi dono tarah ke hain.

Dhyan dein: Part 1A me aapke upload kiye hue papers (2024 aur CBSE sample paper 2011) se is chapter ke sawal hain, source ke naam ke saath. Baaki parts original taur par likhe gaye hain. Saare jawab maine khud likhe hain. Saari books ya 2018-2026 ke sabhi board papers internet se collect karna mere liye possible nahi tha. Dates, awards aur chhote details NCERT book se ek baar confirm kar lein. ICSE ke Class 9 syllabus me ye chapter nahi hota.

About the Lesson / Lesson ke bare me

A Truly Beautiful Mind is a biographical piece on **Albert Einstein (1879-1955)**, one of the greatest physicists. It describes his childhood, schooling, discoveries and his work for world peace.
Ye lesson Albert Einstein ke jeevan par hai: unka bachpan, shiksha, khojein aur vishwa shanti ke liye kaam.

Key Facts / Mukhya Tathya

Item	Details (English)	Hinglish
Born	14 March 1879, Ulm, Germany	14 March 1879, Ulm (Germany)
Childhood spark	A compass shown by his father	Pita ka diya compass
Famous for	Theory of relativity, E = mc2	Relativity ka siddhant, E = mc2
Honour	Nobel Prize in Physics (1921)	Physics ka Nobel Prize (1921)
Later life	Princeton, USA; peace campaigner	Princeton (USA); shanti ke samarthak
Died	18 April 1955	18 April 1955

Theme: Curiosity, hard work and a kind heart make a mind truly beautiful.
Sandesh: Jigyasa, mehnat aur dayalu hriday man ko sundar banate hain.

Part 1: Word Meanings / Shabdarth

Word	Hindi/Hinglish meaning	English meaning
Genius	Pratibhashali vyakti	A person of extraordinary intelligence
Theory of relativity	Saapekshta ka siddhant	Einstein's theory about space, time and gravity
Compass	Dishasoochak yantra	A tool with a needle that shows direction
Curiosity	Jigyasa	Strong desire to know
Rote learning	Ratta	Learning by repetition without understanding
Discipline	Anushasan	Training to obey rules
Nuclear	Parmanu sambandhi	Relating to the atom's nucleus
Disarmament	Nihshastrikaran	Reducing or removing weapons
Pacifist	Shanti-priya, yuddh-virodhi	One who is against war
Nobel Prize	Nobel puraskar	A world-famous award
Equation	Samikaran	A mathematical statement
Citizen	Naagrik	A member of a country
Universe	Brahmand	All space and matter
Discovery	Khoj	Finding something new
Emigrate	Videsh me basna	To leave one's country to live elsewhere

Synonyms and Antonyms / Samanarthi aur Vilom

Word	Synonym	Antonym
Genius	Prodigy	Fool
Curiosity	Inquisitiveness	Indifference
Peace	Harmony	War
Brilliant	Bright	Dull
Discovery	Invention	Concealment
Famous	Renowned	Obscure
Strict	Stern	Lenient
Remember	Recall	Forget

Part 1A: Previous Year Questions (from your papers)

Ye sawal aapke upload kiye hue papers se liye gaye hain. Har sawal ke upar paper ka naam hai.

Paper	Chapter 2 questions	Included
Annual Exam 2024 (C-IX, 70 marks, 3h 15m)	1 question (Q25b)	Yes
Annual Exam OMR-based (20+50 = 70)	1 question (Q25a OR)	Yes
Annual Exam 2024 (C/M, 70 marks)	1 MCQ (Q12)	Yes
CBSE SA-I Sample Paper 2011 (Lang. & Lit.)	1 question (Q15 No.2)	Yes
Quarterly 2025-26, KVS Lucknow 2025-26, Annual 2025 (A/20,000), CBSE Sample Paper 2011 (Comm.)	No question from this chapter	-

[Annual Exam 2024 (C-IX, 70 marks, 3h 15m) | Q.25(b) (3 marks, 30-40 words)]

PYQ1. Why does the world remember Einstein as a "World citizen"?

Duniya Einstein ko 'World citizen' ke roop me kyun yaad karti hai?

ANSWER (English)

Einstein is remembered as a 'world citizen' because his discoveries, especially the theory of relativity, changed the way the whole world understood the universe. He also worked for world peace and nuclear disarmament and belonged to all humanity, not to one nation.

JAWAB (Hinglish)

Einstein ko 'world citizen' isliye kehte hain kyunki unki khojon, khaaskar relativity ke siddhant, ne poori duniya ki brahmand ko dekhne ki soch badal di. Unhone vishwa shanti aur parmanu nihshastrikaran ke liye bhi kaam kiya aur wo kisi ek desh ke nahi, poori manavta ke the.

[CBSE SA-I Sample Paper 2011 (Lang. & Lit.) | Q.15(2) (2 marks, 30-40 words)]

PYQ2. Why does the world remember Einstein as a "world citizen"?

Duniya Einstein ko 'world citizen' ke roop me kyun yaad karti hai?

ANSWER (English)

Einstein's discoveries impacted the whole world by opening new ideas about the universe. His theory of relativity changed how scientists looked at it. He also worked for world peace and nuclear disarmament. Because of these contributions he is called a 'world citizen'.

JAWAB (Hinglish)

Einstein ki khojon ne poori duniya ko prabhavit kiya aur brahmand ke bare me nayi samajh di. Relativity ke siddhant ne scientists ka nazariya badal diya. Unhone vishwa shanti aur parmanu nihshastrikaran ke liye bhi kaam kiya, isliye wo 'world citizen' kehlaye.

[OMR-based Annual Exam (20+50 = 70) | Q.25(a) OR (3 marks, 30-40 words)]

PYQ3. When and where was Albert Einstein born?

Albert Einstein ka janm kab aur kahan hua?

ANSWER (English)

Albert Einstein was born on 14 March 1879 in Ulm, a town in Germany. His family soon moved to Munich, where he spent his early childhood.

JAWAB (Hinglish)

Albert Einstein ka janm 14 March 1879 ko Germany ke Ulm shehar me hua. Unka parivar jaldi hi Munich chala gaya jahan unka bachpan beeta.

[Annual Exam 2024 (C/M, 70 marks) | Q.12 (MCQ, 1 mark)]

PYQ4. Einstein was good at studies and he was exceptionally good at: (a) mathematics (b) physics (c) mathematics and physics (d) German

Einstein padhai me achhe the aur khaaskar kisme bahut achhe the?

ANSWER (English)

(c) Mathematics and physics. Einstein's genius showed most in these subjects. (Check the exact option in your book; some prints give only physics.)

JAWAB (Hinglish)

(c) Mathematics and physics. Einstein ki pratibha inhi vishayon me sabse zyada dikhti thi. (Apni book me option milaa lein.)

Part 2: MCQs Solved / Bahuvikalpiya Prashn (25)

Sahi option ke aage **[ANS]** likha hai. Neeche Hinglish me explanation hai.

Q1. 'A Truly Beautiful Mind' is about -
'A Truly Beautiful Mind' kis ke bare me hai?

(A) Isaac Newton
(B) Albert Einstein [ANS]
(C) Galileo
(D) Stephen Hawking

Explanation: Ye lesson Albert Einstein ke jeevan par hai.

Q2. Albert Einstein was born in -
Einstein ka janm kahan hua?

(A) Munich
(B) Ulm [ANS]
(C) Berlin
(D) Zurich

Explanation: Ulm (Germany) me, 14 March 1879.

Q3. Einstein was born in the year -
Einstein ka janm kis saal hua?

(A) 1869
(B) 1879 [ANS]
(C) 1889
(D) 1899

Explanation: 1879.

Q4. Einstein was born in which country?
Kis desh me?

(A) Germany [ANS]
(B) Switzerland
(C) USA
(D) France

Explanation: Germany.

Q5. His family moved to -
Unka parivar kahan chala gaya?

(A) Munich [ANS]
(B) Paris
(C) London
(D) Rome

Explanation: Munich.

Q6. Which gift fascinated young Einstein?
Chhote Einstein ko kis cheez ne aakarshit kiya?

(A) A toy car
(B) A compass [ANS]
(C) A watch
(D) A violin

Explanation: Compass ki suyi (needle) ke rahasyamay vyavhaar ne.

Q7. Einstein disliked school because -
Einstein ko school kyun pasand nahi tha?

(A) Too easy
(B) Rote learning and strict discipline [ANS]
(C) No friends
(D) Long hours

Explanation: Ratta aur kathor anushasan se.

Q8. Einstein was exceptionally good at -
Einstein kisme bahut achhe the?

(A) Painting
(B) Mathematics and physics [ANS]
(C) Games
(D) Cooking

Explanation: Maths aur physics me.

Q9. Which prize did Einstein win?
Einstein ko kaun sa puraskar mila?

(A) Booker
(B) Nobel Prize [ANS]
(C) Pulitzer
(D) Oscar

Explanation: 1921 me physics ka Nobel Prize.

Q10. The Nobel Prize was awarded for his work on -
Nobel kis kaam ke liye mila?

(A) Photoelectric effect [ANS]
(B) Atom bomb
(C) Gravity alone
(D) Radio

Explanation: Photoelectric effect (prakash-vidyut prabhav) ke liye.

Q11. Einstein's famous equation is -
Einstein ka prasiddh samikaran?

(A) E = mc2 [ANS]
(B) F = ma
(C) V = IR
(D) a2 + b2 = c2

Explanation: E = mc2 (urja aur dravyaman ka sambandh).

Q12. Einstein's most famous theory is -
Unka sabse prasiddh siddhant?

(A) Theory of relativity [ANS]
(B) Theory of evolution
(C) Big Bang
(D) Atomic theory

Explanation: Saapekshta ka siddhant.

Q13. Einstein is called a 'world citizen' because -
Einstein ko 'world citizen' kyun kehte hain?

(A) He travelled
(B) His work benefited the whole world and he worked for peace [ANS]
(C) He was rich
(D) He was a ruler

Explanation: Poori duniya ke liye kaam kiya, shanti ke samarthak the.

Q14. Einstein was a supporter of -
Einstein kis ke samarthak the?

(A) War
(B) World peace [ANS]
(C) Slavery
(D) Dictatorship
Explanation: Vishwa shanti ke.

Q15. Einstein worked for -
Unhone kis ke liye kaam kiya?

(A) Nuclear disarmament [ANS]
(B) Nuclear tests
(C) Arms trade
(D) Colonisation
Explanation: Parmanu nihshastrikaran.

Q16. He taught himself -
Unhone khud kya seekha?

(A) Geometry [ANS]
(B) Sculpting
(C) Cooking
(D) Painting
Explanation: Geometry/ganit apne aap seekha.

Q17. Einstein played the -
Einstein kya bajate the?

(A) Violin [ANS]
(B) Guitar
(C) Flute
(D) Drums
Explanation: Violin (vayalin).

Q18. Einstein moved to the USA because -
Einstein America kyun gaye?

(A) Better climate
(B) Political situation in Germany [ANS]
(C) Job in a bank
(D) Tourism
Explanation: Germany me Nazi shaasan ke karan.

Q19. Einstein spent his later years at -
Baad ke varsh kahan bitaye?

(A) Princeton [ANS]
(B) Oxford
(C) Cambridge
(D) Paris
Explanation: Princeton (USA).

Q20. Einstein died in -
Einstein ka nidhan kab hua?

(A) 1945
(B) 1955 [ANS]
(C) 1965
(D) 1975
Explanation: 18 April 1955.

Q21. Einstein was a -

Einstein kya the?

(A) Physicist [ANS]

(B) Poet

(C) Politician

(D) Painter

Explanation: Bhautikvigyani (physicist).

Q22. Which quality of Einstein is highlighted?

Unka kaun sa gun dikhaya gaya hai?

(A) Curiosity and hard work [ANS]

(B) Laziness

(C) Anger

(D) Fear

Explanation: Jigyasa aur mehnat.

Q23. His mother was a -

Unki maa kya thi?

(A) Pianist (music lover) [ANS]

(B) Doctor

(C) Teacher

(D) Nurse

Explanation: Maa piano bajati thi aur music se prem sikhaya.

Q24. 'Beautiful mind' here means -

'Beautiful mind' ka matlab?

(A) Handsome face

(B) Brilliant, kind and imaginative thinking [ANS]

(C) Rich mind

(D) Angry mind

Explanation: Teekshn, dayalu aur kalpnashil soch.

Q25. The lesson teaches us -

Lesson hume kya sikhata hai?

(A) Curiosity and perseverance lead to greatness [ANS]

(B) Avoid school

(C) Fame is everything

(D) Do not question

Explanation: Jigyasa aur lagan se mahanta milti hai.

Part 3: Very Short Answers (1-2 lines)

Q1. When and where was Einstein born?

ANSWER (English)
On 14 March 1879 in Ulm, Germany.

JAWAB (Hinglish)
14 March 1879 ko Ulm (Germany) me.

Q2. What fascinated young Einstein?

ANSWER (English)
The needle of a compass.

JAWAB (Hinglish)
Compass ki suyi.

Q3. What did Einstein dislike about school?

ANSWER (English)
Rote learning and strict discipline.

JAWAB (Hinglish)
Ratta aur kathor anushasan.

Q4. In which subjects was he excellent?

ANSWER (English)
Mathematics and physics.

JAWAB (Hinglish)
Maths aur physics.

Q5. Which instrument did he play?

ANSWER (English)
The violin.

JAWAB (Hinglish)
Violin.

Q6. What is the theory of relativity?

ANSWER (English)
Einstein's theory about space, time and gravity.

JAWAB (Hinglish)
Space, time aur gravity ke bare me Einstein ka siddhant.

Q7. Which prize did Einstein win?

ANSWER (English)
The Nobel Prize in Physics (1921).

JAWAB (Hinglish)
Physics ka Nobel Prize (1921).

Q8. Why did he leave Germany?

ANSWER (English)
Because of the political situation under the Nazis.

JAWAB (Hinglish)
Nazi shaasan ki rajneeti ke karan.

Q9. Where did he spend his later years?

ANSWER (English)
In Princeton, USA.

JAWAB (Hinglish)
Princeton (America) me.

Q10. What was Einstein's attitude to war?

ANSWER (English)
He was a pacifist and worked for peace.

JAWAB (Hinglish)
Wo shanti-priya the aur shanti ke liye kaam karte the.

Q11. What did he work for after the atom bomb?

ANSWER (English)
Nuclear disarmament and world peace.

JAWAB (Hinglish)
Parmanu nihshastrikaran aur vishwa shanti.

Q12. What is his famous equation?

ANSWER (English)
E = mc2.

JAWAB (Hinglish)
E = mc2.

Q13. When did Einstein die?

ANSWER (English)
On 18 April 1955.

JAWAB (Hinglish)
18 April 1955.

Q14. Why is he called a 'world citizen'?

ANSWER (English)
His work and ideas benefited the whole world.

JAWAB (Hinglish)
Unka kaam poori duniya ke liye tha.

Q15. What is the lesson's message?

ANSWER (English)
Curiosity, hard work and kindness make a mind truly beautiful.

JAWAB (Hinglish)
Jigyasa, mehnat aur dayalu swabhav man ko sundar banate hain.

Part 4: Short Answers (30-40 words)

Q1. Describe Einstein's early life.
Einstein ke shuruaati jeevan ka varnan kijiye.

ANSWER (English)
Einstein was born in Ulm, Germany, on 14 March 1879 and grew up in Munich. He was a quiet, curious child who was fascinated by a compass given by his father. He loved music and mathematics.

JAWAB (Hinglish)
Einstein ka janm 14 March 1879 ko Ulm (Germany) me hua aur wo Munich me bade hue. Wo shaant, jigyasu bachche the jinhe pita ke diye compass ne bahut aakarshit kiya. Unhe music aur ganit pasand the.

Q2. How did the compass influence Einstein?
Compass ka Einstein par kya prabhav pada?

ANSWER (English)
When Einstein was a child, his father showed him a compass. He was amazed that the needle always pointed north without any visible force. This sense of wonder about invisible forces made him curious about nature all his life.

JAWAB (Hinglish)
Bachpan me pita ne unhe compass dikhaya. Unhe hairani hui ki bina dikhne wali shakti ke suyi hamesha uttar batati hai. Prakriti ke prati is jigyasa ne unhe jeevan bhar prerit kiya.

Q3. Why did Einstein dislike his school?
Einstein ko school kyun pasand nahi tha?

ANSWER (English)
Einstein disliked the strict discipline and rote learning in his school. He preferred to understand things deeply and ask questions, which the system did not allow. So he found school dull and unimaginative.

JAWAB (Hinglish)
Unhe school ka kathor anushasan aur ratta pasand nahi tha. Wo cheezon ko gehrai se samajhna aur sawal puchna chahte the, jo system ne nahi hone diya. Isliye school unhe neeras laga.

Q4. What was Einstein's contribution to science?
Vigyan me Einstein ka yogdaan kya tha?

ANSWER (English)
Einstein gave the theory of relativity and the famous equation E = mc2. He explained the photoelectric effect and won the Nobel Prize in 1921. His ideas changed physics and our understanding of the universe.

JAWAB (Hinglish)
Einstein ne relativity ka siddhant aur E = mc2 diya. Unhone photoelectric effect samjhaya aur 1921 me Nobel Prize paya. Unke vicharon ne physics aur brahmand ki samajh badal di.

Q5. Why did Einstein leave Germany?
Einstein ne Germany kyun chhoda?

ANSWER (English)
Under Hitler's Nazi rule, life became unsafe for Jewish people and free thinkers. Einstein left Germany and settled in the USA, where he continued his research at Princeton.

JAWAB (Hinglish)
Hitler ke Nazi shaasan me yahudiyon aur swatantra vicharkon ke liye jeevan asurakshit ho gaya. Einstein Germany chhod kar America gaye aur Princeton me shodh karte rahe.

Q6. What was Einstein's role for world peace?
Vishwa shanti me Einstein ki kya bhoomika thi?

ANSWER (English)
Einstein was a pacifist. After seeing the destruction caused by atomic weapons, he spoke strongly for nuclear disarmament and peace between nations, believing all human beings belong to one world.

JAWAB (Hinglish)
Einstein shanti-priya the. Parmanu hathiyaaron ki tabahi dekh kar unhone parmanu nihshastrikaran aur deshon ke beech shanti ke liye awaaz uthayi.

Q7. What qualities made Einstein great?
Kaun se gun Einstein ko mahaan banate hain?

ANSWER (English)
Curiosity, hard work, imagination, honesty and a kind heart made Einstein great. He questioned everything, never gave up, and used his intelligence for the good of humanity.

JAWAB (Hinglish)
Jigyasa, mehnat, kalpna, imaandari aur dayalu hriday ne Einstein ko mahaan banaya. Unhone har cheez par sawal kiya, kabhi haar nahi maani aur apni buddhi manavta ke liye lagayi.

Q8. How did music influence Einstein?
Music ka Einstein par kya prabhav tha?

ANSWER (English)
Einstein loved music from childhood, and his mother taught him the violin. He often said that music helped him think. It gave him peace and inspired his creative ideas.

JAWAB (Hinglish)
Einstein ko bachpan se music pasand tha aur maa ne unhe violin sikhaya. Wo kehte the ki music unhe sochne me madad karta hai. Isse unhe shanti aur rachnatmak vichar mile.

Q9. Why is the lesson titled 'A Truly Beautiful Mind'?
Lesson ka naam 'A Truly Beautiful Mind' kyun hai?

ANSWER (English)
Einstein's mind was not only brilliant but also curious, kind and imaginative. The title honours a man whose thinking changed the world and who always stood for peace.

JAWAB (Hinglish)
Einstein ka dimag sirf teekshn nahi, jigyasu, dayalu aur kalpnashil bhi tha. Title ek aise vyakti ko samman deta hai jinki soch ne duniya badli aur jo hamesha shanti ke paksh me rahe.

Q10. What can students learn from Einstein's life?

Chhatra Einstein ke jeevan se kya seekh sakte hain?

ANSWER (English)

Students can learn to ask questions, to learn with understanding rather than by rote, to work hard and never lose hope. They should use knowledge to serve others.

JAWAB (Hinglish)

Chhatra sawal puchna, ratta nahi balki samajh kar padhna, mehnat karna aur kabhi ummeed na chhodna seekh sakte hain. Gyaan ka upyog dusron ki seva me karna chahiye.

Part 5: Long Answers (100-120 words)

Q1. Write a character sketch of Albert Einstein.

Albert Einstein ka character sketch likhiye.

ANSWER (English)

Albert Einstein was one of the greatest scientists in history.

1. Curious: From childhood he wondered about nature, as shown by his fascination with a compass.

2. Intelligent and hard working: He taught himself mathematics and later gave the theory of relativity.

3. Independent thinker: He disliked rote learning and always asked questions.

4. Peace-loving: He worked for world peace and nuclear disarmament.

5. Humble and kind: In spite of his fame he stayed simple.

Thus Einstein's life shows how curiosity, hard work and compassion can make a mind truly beautiful.

JAWAB (Hinglish)

Albert Einstein itihaas ke mahaan vaigyanikon me se ek the.

1. Jigyasu: Bachpan se prakriti ke bare me sochte the, jaise compass se unka aakarshan dikhata hai.

2. Buddhimaan aur mehnati: Unhone khud ganit seekha aur baad me relativity ka siddhant diya.

3. Swatantra vichar: Unhe ratta pasand nahi tha aur wo hamesha sawal karte the.

4. Shanti-priya: Vishwa shanti aur parmanu nihshastrikaran ke liye kaam kiya.

5. Vinamra aur dayalu: Shohrat ke bawajood saral rahe.

Einstein ka jeevan dikhata hai ki jigyasa, mehnat aur karuna man ko sachmuch sundar bana deti hain.

Q2. Describe Einstein's childhood and education.

Einstein ke bachpan aur shiksha ka varnan kijiye.

ANSWER (English)

Einstein was born on 14 March 1879 in Ulm, Germany, and grew up in Munich. He was a quiet and thoughtful child. When his father gave him a compass, he was fascinated by the needle that always pointed north, and this wonder started his lifelong interest in science. He also learned the violin and loved music.

At school he found the strict discipline and rote learning dull and did not do well in subjects he did not like. However, he was exceptionally good at mathematics and physics and taught himself advanced mathematics at home. Later he studied in Switzerland and became a physicist.

JAWAB (Hinglish)

Einstein ka janm 14 March 1879 ko Ulm (Germany) me hua aur wo Munich me bade hue. Wo shaant aur chintanshil bachche the. Jab pita ne compass diya to wo suyi ke hamesha uttar batane se bahut hairan hue aur yahi se vigyan me unki ruchi shuru hui. Unhone violin bhi seekha aur music se prem kiya.

School me unhe kathor anushasan aur ratta neeras laga aur jo vishay pasand nahi the unme achhe nahi rahe. Par wo maths aur physics me asadharan the aur ghar par khud uchch ganit seekha. Baad me unhone Switzerland me padhai ki aur physicist bane.

Q3. Why is Einstein called a 'world citizen'? Explain.

Einstein ko 'world citizen' kyun kaha jata hai? Samjhaiye.

ANSWER (English)

Einstein is called a world citizen because his work and values belonged to the whole world, not to a single country.

His theory of relativity changed the way scientists understand space, time and the universe, and his discoveries are used all over the world. He lived in Germany, Switzerland and the USA and was honoured everywhere.

He was also a man of peace. After seeing the destruction of atomic weapons, he campaigned for nuclear disarmament and friendship among nations. Therefore the world remembers him as a world citizen.

JAWAB (Hinglish)

Einstein ko world citizen isliye kehte hain kyunki unka kaam aur moolya kisi ek desh ke nahi, poori duniya ke the.

Relativity ke siddhant ne space, time aur brahmand ko samajhne ka tarika badal diya aur unki khojon ka upyog duniya bhar me hota hai. Wo Germany, Switzerland aur America me rahe aur har jagah samman paya.

Wo shanti ke pujari bhi the. Parmanu hathiyaaron ki tabahi dekh kar unhone nihshastrikaran aur deshon ki dosti ke liye abhiyan chalaya. Isliye duniya unhe world citizen ke roop me yaad karti hai.

Q4. What is the central idea of 'A Truly Beautiful Mind'?

'A Truly Beautiful Mind' ka mool bhav?

ANSWER (English)

The central idea is that curiosity, perseverance and humanity make a person truly great.

Einstein was a curious child who questioned everything. Despite difficulties in school and the political troubles of his time, he continued to learn and think. He gave important scientific ideas to the world and used his fame to promote peace. The lesson teaches that a truly beautiful mind combines intelligence with kindness.

JAWAB (Hinglish)

Mool bhav ye hai ki jigyasa, lagan aur manavta insaan ko sachmuch mahaan banati hain.

Einstein jigyasu bachche the jo har cheez par sawal karte the. School ki mushkilon aur us samay ki rajneetik pareshaniyon ke bawajood unhone seekhna aur sochna jaari rakha. Unhone duniya ko mahatvapurna vaigyanik vichar diye aur apni shohrat ka upyog shanti ke liye kiya. Seekh: sundar man wo hai jisme buddhi ke saath dayalutaa ho.

Q5. How did Einstein's views on war and peace change the world's thinking?

War aur peace par Einstein ke vicharon ne duniya ki soch kaise badli?

ANSWER (English)

Einstein was a pacifist who believed that war could never solve problems. When atomic weapons were developed, he feared their power to destroy humanity. After their use, he spoke out strongly for nuclear disarmament and urged nations to work together for peace.

His reputation as a great scientist gave weight to his words. His appeals made people think about the moral responsibility of scientists and the dangers of nuclear weapons. Hence his ideas on peace are as important as his scientific discoveries.

JAWAB (Hinglish)

Einstein shanti-priya the aur maante the ki yuddh se samasyayen hal nahi hoti. Jab parmanu hathiyaar bane to unhe manavta ke vinash ka dar tha. Unke prayog ke baad unhone nihshastrikaran ke liye zor se awaaz uthayi aur deshon se shanti ke liye saath kaam karne ko kaha.

Mahaan vaigyanik ki chhavi se unki baaton ka vajan badha. Unki apeelon ne logon ko vaigyanikon ki naitik zimmedari aur parmanu hathiyaaron ke khatron par sochne ko majboor kiya. Isliye shanti par unke vichar vaigyanik khojon jitne hi mahatvapurna hain.

Part 6: Extract Based Questions

Note: Extracts short paraphrase me hain. Exam me NCERT book ka original extract aata hai.

EXTRACT 1 (paraphrased) - The compass

When Einstein was a small child, his father showed him a compass. The boy was amazed that the needle always pointed in the same direction, as if some invisible force was acting on it. He never forgot this wonder.

(1) Who showed Einstein the compass?
Ans: His father. / Unke pita.

(2) What amazed the boy?
Ans: The needle always pointed in the same direction. / Suyi hamesha ek hi disha batati thi.

(3) What does this show about Einstein?
Ans: He was curious and observant. / Wo jigyasu aur tez nireekshak the.

(4) Find a word that means 'unable to be seen'.
Ans: invisible. / invisible.

EXTRACT 2 (paraphrased) - A citizen of the world

Einstein's ideas changed physics, and the world honoured him with the Nobel Prize. He lived in several countries and spoke out for peace. After the atom bomb he worked for nuclear disarmament, and people remember him as a citizen of the whole world.

(1) Which prize did he receive?
Ans: The Nobel Prize. / Nobel Prize.

(2) What did he work for after the atom bomb?
Ans: Nuclear disarmament. / Parmanu nihshastrikaran.

(3) How is he remembered?
Ans: As a citizen of the whole world. / Poori duniya ke naagrik ke roop me.

(4) What does the extract show about his character?
Ans: He was peace-loving and global-minded. / Wo shanti-priya aur vishwa-drishti wale the.

Part 7: HOTS / Value Based Questions

Q1. Do you think rote learning is a good way to study? Use Einstein's example.
Kya ratta padhai ka achha tareeka hai? Einstein ke udaharan se batayiye.

ANSWER (English)
No. Einstein disliked rote learning and learned best by understanding and questioning. Understanding helps us remember longer and apply knowledge in new situations.

JAWAB (Hinglish)
Nahi. Einstein ko ratta pasand nahi tha aur wo samajh kar tatha sawal puchkar seekhte the. Samajh se yaad lamba rehta hai aur gyaan naye halat me kaam aata hai.

Q2. Should scientists be responsible for how their discoveries are used?
Kya vaigyanikon ko apni khojon ke upyog ki zimmedari leni chahiye?

ANSWER (English)
Yes. Scientists should think about the effects of their work. Einstein himself felt sad that science was used to make weapons, and he campaigned for peace.

JAWAB (Hinglish)
Haan. Vaigyanikon ko apne kaam ke asar par sochna chahiye. Einstein ko dukh tha ki vigyan se hathiyaar bane aur unhone shanti ke liye abhiyan chalaya.

Q3. How can you develop curiosity like Einstein?
Aap Einstein jaisi jigyasa kaise badha sakte hain?

ANSWER (English)
By asking questions, observing things around us, reading widely, doing experiments and not fearing mistakes. Curiosity grows when we keep wondering about the world.

JAWAB (Hinglish)
Sawal puchkar, aas-paas ki cheezein dekhkar, zyada padhkar, prayog karke aur galtiyon se na darkar. Duniya ke bare me sochte rehne se jigyasa badhti hai.

Q4. What values does the lesson teach?
Lesson kaun se moolya sikhata hai?

ANSWER (English)
Curiosity, hard work, independence of thought, peace and humility. It also teaches that real greatness lies in using one's talents for the good of humanity.

JAWAB (Hinglish)
Jigyasa, mehnat, swatantra soch, shanti aur vinamrata. Ye bhi sikhata hai ki sachchi mahanta apni pratibha ko manavta ki bhalai me lagana hai.

Part 8: Writing Skills / Lekhan Kaushal

1. Diary entry (Einstein)

Write Einstein's diary entry on the day he received the Nobel Prize.

SAMPLE ANSWER

10 December 1922, 11:00 p.m.

Dear Diary,

Today I received the Nobel Prize in Physics. I feel honoured and humble. I remembered the day my father showed me a compass and how that small wonder began my journey. I thank all my teachers and friends. I only hope that science will serve peace and humanity. Tomorrow I will return to my work.

Albert

Tip: Date, 'Dear Diary', feelings, thanks. (Diary entry sample is fictional.)

2. Paragraph writing

Write a paragraph (100 words) on 'Curiosity - the Mother of Discovery'.

SAMPLE ANSWER

Curiosity is the desire to know and understand. It leads us to ask questions and search for answers. Great discoveries have come from curious minds. Albert Einstein was fascinated by a simple compass as a child, and this curiosity led him to the theory of relativity. Newton wondered why an apple fell. If we keep asking 'why' and 'how', we can learn something new every day. Parents and teachers should encourage children to question. Curiosity truly is the mother of discovery.

Tip: Define, examples, conclusion.

3. Speech

Write a short speech on 'Albert Einstein - the World Citizen'.

SAMPLE ANSWER

Good morning respected principal, teachers and friends. Today I speak about Albert Einstein, a scientist whose mind changed the world. As a child he was curious about a compass. He gave us the theory of relativity and won the Nobel Prize. He also loved peace and spoke against nuclear weapons. Let us learn from him to be curious, hard working and kind. Thank you.

Tip: Greeting, topic, 3 points, thanks.

Part 9: Quick Practice / Turant Abhyas

A. True or False / Sahi ya Galat

1. Einstein was born in Ulm, Germany. **[True]** - Haan.
2. Einstein was born in 1889. **[False]** - 1879.
3. A compass fascinated young Einstein. **[True]** - Haan.
4. Einstein liked rote learning. **[False]** - Use pasand nahi tha.
5. Einstein won the Nobel Prize. **[True]** - Haan, 1921.
6. Einstein supported nuclear weapons. **[False]** - Wo nihshastrikaran ke samarthak the.
7. Einstein played the violin. **[True]** - Haan.
8. Einstein spent his last years in Princeton. **[True]** - Haan.

B. Fill in the Blanks / Khali Sthan Bharein

1. Einstein was born in _____, Germany. **Ans: Ulm**
2. As a child he was fascinated by a _____. **Ans: compass**
3. He gave the theory of _____. **Ans: relativity**
4. He won the _____ Prize in Physics. **Ans: Nobel**
5. He worked for nuclear _____. **Ans: disarmament**
6. The world remembers him as a '_____ citizen'. **Ans: world**

C. Match the Columns / Milaan Kijiye

Column A	Column B (Answer)
Ulm	Birthplace of Einstein
Compass	Sparked his curiosity
E = mc2	His famous equation
Princeton	Place of his later years
Nobel Prize	Awarded in 1921

Part 10: Quick Revision & Exam Tips

1. Key facts: Albert Einstein; born 14 March 1879, Ulm; compass; violin; theory of relativity; E = mc2; Nobel Prize 1921; Princeton; died 1955.

2. Sequence: Childhood (compass, music) -> school dislike -> self-study -> discoveries -> Nobel Prize -> USA -> work for peace.

3. 'World citizen': His discoveries benefited the world; he worked for peace and nuclear disarmament.

4. Theme: Curiosity and kindness make a mind beautiful.

5. Exam tip: MCQ 1 mark, short 30-40 words, long 60-120 words. Points banao aur conclusion do.

6. Spelling tip: Einstein, relativity, compass, disarmament, Princeton, Nobel.

All the best! Einstein ki tarah sawal puchte raho aur seekhte raho.
